Baby...

Be careful during Spring...

The power of blossoming lives...

may awaken something we don't want.

...A woman in white told me so once.

She is almost as if by my father's side.

But my father never looked in my direction.

Lady in white, if you leave now,

Something much more scary than spring awaits you.

My father will turn you into a flare.

So, please stay here with me and my father.

Being alone is lonely and scary.

I really wanted to say so.

But I did not.

I knew my father did not love me but I loved him.

And I feared that he'd really hate me if I became stubborn.

Ahah...

In the end, yet again

I must watch the house all alone.

To become a star in the sky_1

It all began

with disappearance of a child named Chil-Seong

ALRIGHT, TROOPS!!

READY TO MOVE OUT AND CATCH DOKKEBI?

*Dokkebi is like a monster or a wild spirit.

ALL READY!!

Hmm...

Moran, what is that?

Adults tell us Dokkebis are known to be scared of this!

You idiot! It's ghosts that are scared of rice!

Ghosts and Dokkebi are the same!

Mm, whatever

TROOPS!

We must make a promise before we move out

If we fail to find Chil-Seong and get caught by dokkebi,

I will earn some time for you guys to run away.

You guys must get home.

And ask the adults for help

...But...

WE ARE DEALING WITH DOKKEBI HERE. IF WE HESITATE, WE ALL WILL GET CAUGHT.

WE MUST BE DETERMINED AND PREPARE FOR THE WORST CASE SCENARIO.

...

Ok... I understand.

Alright then...

LET'S GO CATCH DOKKEBI!!!

Did dokkebi really kidnap Chil-Seong?

JUMP!

Adults told us that a lion took him away at night but how can a lion do that and leave no trace? I mean he was in a room!

Hmm... Maybe because a lion is a God of mountains?

Quit speaking globerish!

Adults are overly scared of dokkebi and cover up with a lie about the lion.

They don't want to believe that dokkebi exist.

What if dokkebi has already eaten him...?

...He is still alive probably.

I heard from other kids that.

the dokkebi we are dealing with does not eat his prey.

Instead, he turns his prey into a soul fire and puts it inside a lantern.

And he sells those lanterns to other Gods or dokkebis

So, his preys turn into those lanterns...

and their souls will fuel those lantern until they die.

Where they reached when sun was coming down was

Myo Jin's house.

And there were a child playing alone in front yard of the dokkebi's house.

It wasn't Chil-Seong they were looking for. It was just a one-eyed child.

...

Hey... he must be... his snack!

Snack?!

Yeah. I mean we took already taken his eye off

Hi, hey...

Is there another kid here...?

SHAKE SHAKE

Oh, no. Chil-Seong must have been eaten already!!

Wait... we should at least rescue their souls

Yeah!

We must run away with that kid!

-재빨

-재빨

I had no idea what they were talking about.

-재빨

But I was too happy to have found someone to talk to that...

재빨

I just followed them.

자박

자박

자박

Damn... moon's up.

자박

Why don't we find somewhere to rest and spend a night? It's too dangerous now.

자박

No, let's move on. We are almost there.

Ah? I am hungry Moran. can I have bisi dazuki kean soup?

자박

No! What if the dokkebi chases us?!

자박

자박

자박

Son, we are almost there. I know you are tired and scared but hang in there.

Oh!

자박

자박

The children seemed to be troubled but I was simply so happy.

I was really, really so happy that I completely forgot that the reason they ventured in my father's house was

a kidnapped child

And that Se-Bek mountain was full of mysterious aura.

I had forgotten all.

I simply wished that the journey would never end.

Baby!

Be careful

Chil-Seong's clothes...!!

Why did those words not cross my mind.

Leader... but...!
